

1.24.2017

Course # (Circle One): 4517 or 5517Names of Group Members: VIVEK SANKARANARAYANANMANEESH KUMAR SINGHBench-3 Tuesday

Task	TA Initials
1. Demonstration of blinking LED	A. K.
2. Demonstration of PWM output having $D = 36\%$ and $f_s = 80$ kHz, with Timer D resolution better than 10 ns	A. K.
3. Demonstration of MOSFET driven by MSP430 PWM output	A. K.

After demonstrating all three parts of this experiment and getting your TA's signoff, upload this sheet in place of a written lab report in D2L.

This sheet is due by February 3, 2017, 11:59 pm (Mountain Time).
